# SAWYER'S NIGHTMARE

## Newsgal fears rival Couric WILL SNATCH HER JOB

DIANE SAWYER feels network stablemate Katie Couric breathing down her neck – and she doesn't like it one bit.

Because Katie's daytime talk show is showing signs of faltering, the former "CBS Evening News" anchor is eyeing Diane's chair at "ABC World News," sources tell The ENQUIRER.

Katie, 56, is not only Diane's longtime rival, she's also more than a decade younger and feels her true roots are as a newswoman. "After ABC gave Katie a big contract, Diane was wary that she'd be looking over her shoulder," divulged a friend. "And she'll battle tooth-and-nail any plan to oust her."

**KATIE'S TALK SHOW DEBUTED ON** ABC stations last fall. After an initial swarm of curious viewers, the ratings have sagged to the point that she's often beaten by NBC's talk-show comic host Steve Harvey.

Katie's gabfest is "in disarray" and may not make it through the upcoming season, said an insider, adding: "But there's no way ABC is going to cut Katie loose and pay all that money left on her contract."

Katie's daytime talk show is showing signs of faltering

Katie's rep told The ENQUIRER she's not interested in Sawyer's job, adding that Katie is in talks to host a web interview show on Yahoo! Meanwhile, 67-year-old Diane, who's been the ABC nightly anchor since 2009, has sparked questions about her own future.

As The ENQUIRER reported last year, the veteran newscaster raised eyebrows when she slurred during election coverage. While some people speculated she was drunk, insiders blamed it on stress.

But the friend disclosed: "Diane insists she will go out on her own terms, not from any outside pressure from Katie."

# SARAH'S HUGE CRUSH ON ROBIN DRIVING HUBBY FREDDIE NUTS

SARAH MICHELLE GELLAR is enjoying a lovefest with her new TV co-star Robin Williams, but the relationship is rubbing Michelle's hubby Freddie Prinze Jr. the wrong way, say insiders.

Williams, 62, is returning to his first full-time TV gig since his career-making sitcom "Mork & Mindy." He'll be teaming with 36-year-old Gellar in the CBS comedy "The Crazy Ones," premiering Sept. 26.

The pair play the father-and-daughter heads of a big-time advertising firm, and Gellar says they are just as close in real life.

"I actually applied for Robin Williams to adopt me," she quipped.

That's apparently the kind of thing her hubby of 11 years doesn't want to hear. And Oscar winner Williams – a married dad of three grown kids – accidentally made matters worse when Prinze, 37, recently visited the set.

**"ROBIN WENT ON ABOUT SARAH AND** how lucky Freddie is to have her as his wife," revealed an insider.

"Freddie replied he's a good husband and father and he likes to think that Sarah is pretty lucky too. Robin was flabbergasted – he didn't know how to take it."

At the root of the problem is Sarah's hero-worship, noted another source.

"Sarah goes on and on about what a dream it is to work with Robin and how he even gives her parenting tips," explained the source. "Freddie feels like, 'Enough with this guy, already!' "

Despite the problems, good guy Prinze has cast himself as a real-life "Mr. Mom," taking care of their two young children so his wife can pursue acting.

Said the insider: "Freddie is great to Sarah."

# FAITH ROCKED AS MARRIAGE FALLS APART

COUNTRY superstar Tim McGraw is caught in a shocking gay scandal that has devastated his wife Faith Hill and is threatening to destroy their 16-year marriage, say sources.

Almost two years after McGraw fired five members from his former band, one of the disgruntled musicians is planning to publish a scathing tell-all that will reportedly question the "Live Like You Were Dying" singer's sexuality.

Sources say the sensational exposé will dig deep into Tim's bizarre on-the-road behavior – ripping the lid off romps with naked men, kinky outfits and even a bizarre sex game.

McGraw fears the no-holds-barred book could wreck his reputation with fans and infuriate his wife, who's "absolutely aghast" at reports of Tim's wild behavior while touring, say sources.

> "Faith is embarrassed by Tim and furious at him"

**"FAITH IS DISAPPOINTED IN TIM,** embarrassed by him and furious at him," disclosed a source.

Tim's fired bandmate, who'd been a friend for more than 20 years, is already using the Internet to attack the 46-year-old singer, revealed an insider.

The ENQUIRER has seen his scathing posts, which claim that "shocking" material is being shopped around to book publishers.

We've also seen written communications between the former band member and close friends, in which he plainly states he believes Tim is bisexual.

Apparently, the sensational rumors swirling around Tim have been sparked by his love of pulling practical jokes that involve male nudity.

"The former band member is planning to reveal in his book that Tim bet him $500 he wouldn't take off all his clothes, go into a studio sound booth and record an entire song while completely naked," said the insider.

"But it's hard to believe he's planning to use that to raise questions about Tim's sexuality, because he took Tim's bet and collected the money!

"The musician is also threatening to reveal another incident as Tim and his bandmates were preparing to fly to a concert aboard his private jet. He claims Tim convinced some of the guys to strip naked and, with their manhoods exposed, approach the pilots and ask them: 'Is this the cockpit?'

"Another time, while playing a concert in Milwaukee, Tim dared his drummer Billy Mason to run across the stage in front of thousands of screaming fans wearing bottomless leather chaps that exposed his butt.

"As Billy did it, Tim reached down and smacked him on his bare backside as a joke – and the nearly sold-out crowd roared with laughter!

"Then there are stories about how Tim made comments and complimented some band members on the size of their manhood as they played along with his practical jokes."

Pals close to the entertainer say what some see as outrageous behavior, Tim sees as good-natured redneck humor.

"There is nothing gay about it," said the insider. "Tim is just a huge practical joker.

"Fact is, Tim has a huge gay fan base and, actually, he's proud of that. But he doesn't want someone on a smear campaign casting aspersions about him that just aren't true."

Tim has even let his good buddy Kenny Chesney in on the jokes when the two pals were on the road.

"They would have contests to see who could top the other with the wildest horseplay," revealed a friend. "And they would trade stories – half of them revolving around someone getting naked and doing something crazy.

**"ONCE, TIM EVEN POSED** for photos wearing nothing but a cowboy hat, underwear and a smile. Faith fears they are going to surface somewhere down the road."

Mutual friends of Tim and the disgruntled band member have already warned the country legend about plans to publish the tell-all, which will be marketed as the ex-band member's own story.

"Tim is not going to take it lying down," disclosed the insider.

Sources say it's not just his fan base he worries about but also how the nasty rumors could be the final straw that breaks his marriage to 45-year-old Faith and his relationship with his beloved daughters – Gracie, 16, Maggie, 15, and Audrey, 11.

"Tim and Faith have long struggled to keep their marriage afloat," said the insider.

"They've clung together through years of cheating allegations, heated clashes and jealousy and even substance abuse, but something as poten-

As The ENQUIRER reported two weeks ago, Tim and Faith were already heading for a $135 million divorce – before this new scandal. We told how Tim was desperately trying to save the marriage and vowed that his outlandish behavior – boozing and carousing – was a thing of the past.

Now Tim faces an uphill battle to save his marriage and redeem his image when the bombshell book containing the gay charges is published.

"The author of the tell-all has openly stated, both orally and in written form, that he believes the twisted games Tim plays makes him bisexual," revealed the insider.

"But he is basing that absurd opinion on nothing more than the frat-boy practical jokes and games Tim initiates to keep his work environment as lighthearted as possible.

"To Tim, the practical jokes and dares were just a big game to see how far he could push the guys. The truth is they all thought it was funny or otherwise they wouldn't have participated."

## Bosses hand over jackpot to WRONG MAN!

TALK about a costly mistake!

Officials at a casino in Ohio awarded a million-dollar check to Kevin Lewis after his name was chosen during a highly publicized TV lottery drawing. But much to their surprise – and embarrassment – they'd given the money to the wrong Kevin Lewis!

The folks at the casino were determined to make the situation right. Not only did they let the "wrong" Kevin keep his prize, they tracked down the right Kevin and awarded him the top prize too!

"We didn't have to give out two checks, but we felt it was the right thing to do," Jennifer Kulczycki, a spokesperson for the casino, told The ENQUIRER.

A five-month-long contest at Cincinnati's Horseshoe Casino came to an end amid much fanfare on Aug. 10 when an emcee announced the winner was "Kevin Lewis." Sure enough, there was a man with that name in the crowd, and he cheered, gave high fives, blew kisses and pumped his arms as he ran onstage to accept his prize.

"I couldn't believe it. I was stunned," said the 52-year-old. "I tried to stay calm, but I couldn't. I was so excited. I've never won anything of any size before. So when I heard my name called out I thought, God finally gave me a big win."

But there was only one problem.

> "There were a lot of similarities between the two gentlemen"

The REAL winner – whose name is also Kevin Lewis – was sitting at home watching TV.

It wasn't until AFTER the first Kevin Lewis was photographed with a jumbo-size million-dollar check that red-faced casino officials realized they'd made a terrible mistake.

As it turns out, the two men not only share the same name, they're also both from Cincinnati, in their 50s and regulars at the casino.

"There were a lot of similarities between the two gentlemen that led to confusion on our end. It was a human error," noted Kulczycki.

**SHE EXPLAINED THAT HORSESHOE** customers who are members of the loyalty program were eligible to enter the million-dollar contest by swiping their loyalty cards at a promotional kiosk at the casino.

"I don't have the exact numbers, but thousands of customers entered," she said. "The casino randomly selected one of those swipes, and the name 'Kevin Lewis' came up. We did some preliminary checking, and then wrote out the name Kevin Lewis on the check and announced the winner."

Kulczycki said officials realized they'd made a mistake within a half-hour of handing over the prize money.

With the second Kevin Lewis none the wiser about the error, casino officials could have kept their lips zipped. But that's not what they did.

"This was our blunder," said casino general manager Kevin Kline. "So, consistent with our commitment to do the right thing for our guests, Horseshoe awarded a $1 million prize to each man."

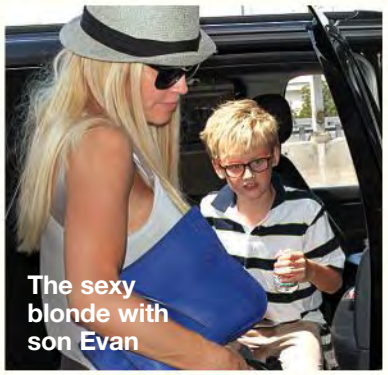
# JENNY & DONNIE FIGHTING OVER KIDS

## Wahlberg's rocked by glamour girl's baby decision

THERE's trouble in paradise for Jenny McCarthy and Donnie Wahlberg.

After nearly five months of dating bliss, the blonde sexpot and the former boy-band star are having their first lover's quarrel: He wants more kids – and she's done making babies!

"It drove a stake right through Donnie's heart when Jenny broke



The sexy blonde with son Evan

the news that she doesn't want more kids," a source revealed. "She already has one son and insists having another child is NOT in her future.

"Jenny tried to let Donnie down easy because she knew he really wanted her to bear his children. But he took the news harder than she anticipated, and now it's caused a lot of tension in their relationship."

Donnie, 44, and Jenny, 40, began dating shortly after he appeared on her VH1 talk show, "The Jenny McCarthy Show," in late March. Since then, Donnie has really put it all on the line for the former Playboy Playmate – even feuding with his devout Catholic brother Mark, 42, who doesn't approve of the way she openly talks about sex and her irreverent attitude toward Catholicism.

**JENNY ALREADY HAS AN** 11-year-old autistic son, Evan, from her former marriage to actor/director John Asher. Donnie has two children, Xavier, 20, and Elijah, 12, with his ex-wife, Kim Fey.

"Donnie is disappointed because he stood up for Jenny against his brother during some pretty heated arguments – that were about her – and now he feels like she's not listening to him," another source added. "Aside from feeling like she's reaching that age where she's too old to give birth, Jenny is just wildly ambitious and very focused on her career.

"She feels so strongly about not having any more children that she's willing to risk losing Donnie, and that's the thing that hurts him most of all."

"MAD MEN" star Jon Hamm is facing a terrifying health scare after a close source says he recently started coughing up blood.

The ENQUIRER has learned that hunk Hamm's been hiding the fact that he has two large polyps on his vocal cords – and he's dragged his feet about getting medical treatment for them.

"In the past Jon has been terrified that if he has them removed, his vocal cords could be severely damaged," said a pal. "Jon has tried to deal with the pain, but over time, he started coughing more and more often, which only aggravated his condition and made his throat feel like it was raw."

But Hamm, 42, realized he was dealing with something serious when he started coughing up blood.

**"HE FREAKED OUT," SAID THE** source. "He went to see a doctor who told him he needs to have the polyps removed as soon as possible."

According to the Johns Hopkins Medicine website, vocal cord polyps are "blisters" that are thought to form because of overuse or abuse of the vocal cords. People who use their voices a great deal, like teachers,

Dr. Jerome Spunberg, a radiation oncologist from West Palm Beach, Fla., who has not treated Hamm, tells The ENQUIRER that while most vocal cord polyps are benign, they "can definitely be cancerous."

"You don't know without performing a biopsy," Dr. Spunberg explained.

Hamm, who recently finished filming "The Million Dollar Arm," is planning on having surgery to remove the polyps. So until then, he won't know if he has cancer or not.

She's even got her own spinoff series, "I Dream of NeNe," which premieres on Bravo on Sept. 17.

Meanwhile, Sheree was dumped from "RHOA" after the show's fourth season. Now, she appears to be drowning in debt and was sued for unpaid legal bills.

## 'Leah Remini' is a dirty word, shrieks Scientologist Kirstie!

That's when she absolutely exploded, raging, 'I *never* want to hear that woman's name on my set!' The shocked guys stammered apologies, and they feared they'd be fired by day's end." Luckily, the blasphemers got a reprieve, but word rocketed around the set that uttering the forbidden "L" name will bring down the terrible wrath of mighty XENU on your a**!**

DON'T STICK THAT TONGUE OUT AT *ME*, **MILEY CYRUS**, BUT... pals of **LIAM HEMSWORTH** are betting his troubled engagement to sex-sational Cyrus will now end quicker than you can say VMA! "Liam already hated how Miley keeps twerking at concerts, so her outrageous performance with **ROBIN THICKE** at the VMAs will definitely drive him nuts," said a family source. "And even though Miley knows how Liam feels, she just doesn't seem to care what anyone thinks anymore – not her father, not her fiance, NO one – which is just killing Liam. Don't be surprised when he moves on... and sooner rather than later!"

Say what you will about **RYAN SEACREST**, but My Favorite Metrosexual's a serially fastidious guy – that's why he flat-out FREAKED when he got a memo from his office building manager informing him that water flow needed to be reduced during routine maintenance, but he could still use his toilet – just refrain from *flushing* it every time! *Eeeewwwed* Ryan to giggling staffers: "I can understand saving water – but not flushing when I use my toilet is *soooo* gross!" Underlings quickly made inquiries, then assured Mr. Clean that the flush ban would last only a day or two while sewer issues got sorted. *PHEEW*!

MEMO TO **ALEC BALDWIN**: Hey, fellow Irishman...Despite our highly publicized feud of a while back (I'm over it...*you*?), I just want to say the happy news of your new baby girl put a BIG smile on my face. Congrats to you and lovely wife **HILARIA**! And speaking of smiling, here's a tip: If you *must* keep manhandling photographers, don't stop grinning, for cryin' out loud! "KRIS" KLIFFHANGER: DEAD OR ALIVE? Two weeks ago, I reported exclusively that Fox TV execs kept teetering on whether to renew – or kill – **KRIS JENNER**'s low-rated talk show, then told you how generous/cagey daughter **KIM KARDASHIAN** made that Hail Mary move of blowing off a mega-million$$ magazine payday for **NORTH WEST**'s debut photo, giving Mom-ager the first-ever baby pic in hopes of jolting the ratings. Well...*SOCKO*! Kim's smart move totally goosed ratings for that final show of Kris' six-week trial – but then came news reports that Fox honchos goosed *her* and *KANCELED*!...But WAIT!...As we go to press, Mom-ager's suddenly tweeting that "rumors flying are false." OMFG! Anyway, just to be helpful, here's my personal NOTE TO KIMYE: Even though, as I pointed out last week, you can no longer sell a "first-ever" pic of baby North, you kould kop a konsolation prize – maybe snag a mega-buck$$ mag offer for the first-ever "at home" photo spread of adorable Nori, eh? (Kall me!)

I'm no bleeding-heart kinda guy, but this story from a "Glee" insider moved me deeply: **LEA MICHELE**, singing during a scene, abruptly stopped and – choked with emotion, holding back tears – told cast and crew: "Cory's here with us...*now*!" Incredibly, says my source, almost no one was surprised at the manifestation of **CORY MONTEITH**'s spirit because "we'd felt the same thing, but discussed it only among ourselves because we feared upsetting Lea. But now we know she feels comforted, knowing Cory's looking over her. She feels a real spiritual connection, and it's calming her." Amen.

PRAY producers release a blooper reel from **KEVIN COSTNER**'s new flick "Black and White" – because I'm *dying* to eyeball this electrifying SHOCKER: While filming in New Orleans, Kevin shot a scene where he unlocked a metal gate in an electric fence, but – unbeknownst to our star and the crew – recent heavy rains had exposed live wires in the fence, so when Kevin laid hands on the metal rails... *YeeeeOWW*! "He jumped back and let out a terrifying howl – then immediately started cursing up a storm," said my on-set spy. Electricians fixed the problem pronto, but Costner flatly refused to touch the gate again – so a stunt double had to do the honors. *CHICKEN*!! (Oh, jest *kidding*!)

Producers of the highly anticipated movie version of smash-hit best-seller "Fifty Shades of Grey" just hammered a sharp wooden stake through Vampire Boy **ROBERT PATTINSON**'s heart – telling the "Twilight" hunk he's *totally* out of the running to star in the flick that just about every human female's panting to see! Said an insider: "Rob was dying to play the iconic 'Fifty Shades' hero, Christian – but it's not going to happen, and here's why: Movie execs feel Rob's much too closely identified with the 'Twilight' movies – so they've decided to go with a total unknown and are currently auditioning actors. Rob's very disappointed, of course – and angrily telling pals it's one thing to lose this plum role to an established star like, say, **CHANNING TATUM**, but to lose it to some unknown actor is downright insulting." (Hollywood *bites*, Vampire Boy – get used to it!)

HOT "HOT IN CLEVELAND" NEWS: As production on the hit's fifth season gets underway, my behind-the-scenes source whispers this bombshell scoop – two shocking cliffhangers already written for **VALERIE BERTINELLI**'s character may signal the star's swan song on the series! Explained my source: "Valerie's 'Melanie Moretti' character is suddenly diagnosed with breast cancer – and another sensational story line has middle-aged Melanie discovering she's pregnant! These plotlines are causing a buzz – everyone on the show's speculating that Valerie may be leaving the show!" Stay tuned.

When the family reunited later, sharp-eyed Gwyneth spotted a McDonald's wrapper on the floor of the car – and exploded! "I thought I asked you to take them for a healthy lunch," she snapped at Chris, then launched into a yada-yada rant about how she "can't understand why he *never* follows her directions"... yada-yada-*yada*! Chris quickly defended himself, saying he'd carefully picked "healthy" choices from the fast food menu – and the kids instantly chimed in that they *love* eating out with Daddy because "he takes us to fun places!" # Ricki's new hubby ABANDONS SON!

## – COURT PAPERS

## Talk queen caught up in UGLY BATTLE OVER LOVE CHILD, 8

Ricki Lake's hubby Christian told the court that ex-girlfriend Deanna – at right with son Taylor – has problems, including drug abuse

AFTER being stunned by the loss of her TV show, Ricki Lake is now reeling from a humiliating court case that paints her husband as a rotten father.

Christian Evans, who married Ricki last year, stands accused of being an absentee dad who's rarely seen his son Taylor since the child was born out of wedlock eight years ago.

The ENQUIRER has obtained bombshell legal documents with those and other claims made by Christian's ex-girlfriend and baby mama Deanna Alexander.

Christian, 42, is firing back, charging in court documents that 38-year-old Deanna has been a drug user who has anger management issues, threatened him physically and attempted to extort him and his famous wife.

Ricki, who's caught in the middle of the mudslinging "is fit to be tied," revealed a source close to the 44-year-old star. "And to have this happen right after her show bombed is adding insult to injury." Ricki's talk show was canceled in February after just one season.

**CHRISTIAN IS ALSO DEALING** with serious problems. He told the court he's filed no tax returns since 2010, is unemployed and can't work because of a spinal injury. He also admitted in court filings that he receives a $50,000 annual payment from Ricki, per their prenuptial agreement, but pays only $308 a month in child support and that he has withdrawn from scheduled visits with Taylor.

In a particularly ugly turn, Christian told the court that Deanna "has been addicted to illegal drugs" and attempted suicide twice – once while pregnant with Taylor.

When contacted by The ENQUIRER, Deanna said: "I am deeply devoted to giving my very wanted, precious son a loving, healthy, peaceful, nurturing childhood. To feel any other way toward one's cherished gift from God, would be inhuman, cruel, narcissistic and so very sad."

As far as Ricki is concerned, said the source, "this is a mess she wants no part of." But the star hopes to leave her troubles behind. She recently revealed plans to move to Ibiza, Spain, with Christian and her sons Milo, 16, and Owen, 12, by first husband Rob Sussman. Said Ricki: "We are relocating as soon as we possibly can."

# Toni Collette IS TOTAL DIVA!

TONI COLLETTE's been acting like a total diva on the set of her highly anticipated CBS series "Hostages."

Insiders say the "Sixth Sense" star is a "snob" who prefers movies over TV and has no respect for her fellow cast and crew members' time.

**"TONI ALWAYS POINTS OUT THAT SHE'S** busy juggling a family and 'many, many film roles,' " said an insider. "But recently, she kept the crew and actors waiting for hours while she went to the chiropractor.

"That's when all the rumblings on the set began. This TV project is just an easy paycheck for her, and it's obvious that she can't wait for it to be over."

The 40-year-old beauty won an Emmy and a Golden Globe for her role as a wife and mother with multiple personality disorder on Showtime's "United States of Tara." But she's best known for films like "Little Miss Sunshine," "Muriel's Wedding" and most recently, "The Way Way Back."

On the political thriller "Hostages," which premieres on Sept. 23, Toni plays Dr. Ellen Sanders, a surgeon whose family is taken hostage by a rogue FBI agent, played by Dylan McDermott, as she prepares to operate on the president.

## Movie star making enemies on set of TV's 'Hostages'

**"WE'RE HOPING THAT** the show's ratings are through the roof and the reviews are positive," added the insider. "Maybe then Toni will change her mind about TV – and stop being such a diva." **by RICK EGUSQUIZA**

# GREEDY MARTHA'S MAKING MILLION$ – while her company lays off workers

The domestic diva is living the high life – at least for the time being

MARTHA STEWART's been living large while her company sinks, but sources say the domestic diva is finally getting her wings clipped!

Her firm, Martha Stewart Living Omnimedia, has turned a profit just once in the past 11 years, and its stock has plummeted from a high of $38 a share to a measly $2.43.

Meanwhile, 72-year-old Martha – who became an instant billionaire when the company went public in 1999 – was granted increasingly huge pay hikes. Her total compensation jumped from $2 million in 2007 to $7 million in 2008. In 2009, she pocketed $9.7 million, while the company lost $15 million!

"To a lot of people involved in the company, Martha has been fiddling while Rome burned," said a source.

"Her argument has always been that her name is on the company masthead, and she has to show that others can enjoy a taste of her lifestyle by buying her wares.

Martha owns two homes and an apartment in New York

**"BUT IT'S COME TO** the point of no return. The company is laying off people while Martha lives like the Queen of England."

Desperate to right the ship, the firm shuttered several divisions last year, laid off 70 employees and slashed Martha's salary to $5.2 million.

But that doesn't mean she's going to stop living the high life.

"Martha is willing to feel the pinch a bit to help reverse the company's fortunes, but she says Martha Stewart does not live on a budget," said the source.

"Still, when push comes to shove, the big money may not be there for her anymore."

Martha with grandchild Jude & daughter Alexis

HARD-hearted John Edwards humiliated his brave wife Elizabeth by cheating on her as she battled deadly breast cancer – and now he's treating her just as cruelly in death.

The beloved wife of the disgraced presidential candidate passed away at age 61 in December 2010, but skirt-chasing Edwards has still not placed a proper headstone on her grave.

The ENQUIRER learned that, thankfully, Elizabeth has loving siblings who can no longer wait for Edwards to act. They've commissioned a marker by the same sculptor who created a large marble angel for the couple's son Wade. He tragically perished in a 1996 car crash at age 16.

**MEANWHILE, THE HEARTBROKEN** family has placed a temporary footstone on her grave at the Oakwood Cemetery in Raleigh, N.C., which does not include Elizabeth's name or her date of birth and death, but rather lyrics from a poignant Leonard Cohen song: "Ring the bells that still can ring/Forget your perfect offering/There is a crack in everything/That's how the light gets in."

Those are reportedly the same words the valiant mom had painted on her kitchen wall shortly before her passing. "For 19 months after her death, Elizabeth's grave was marked with only a 5-by-7 card that could hardly be seen," an angry family insider told The ENQUIRER.

"Many people who went to put flowers on her grave were horrified to see she didn't have a headstone.

"Although Elizabeth and John had separated, he was still married to her when she passed away, so her family was waiting for him to make sure she had a proper monument.

"They were patient, but when it was approaching the two-year mark, her siblings decided to chip in to make sure Elizabeth was treated with respect. They have asked sculptor Robert Mihaly to create a magnificent monument."

**A SERIES OF WORLD-EXCLUSIVE** ENQUIRER stories revealed how Elizabeth's heart was shattered when she learned that – despite months of heated denials – Edwards had fathered a child with his mistress Rielle Hunter.

Said the insider: "Now Edwards is treating his wife in death the same way he treated her in life – shamefully."

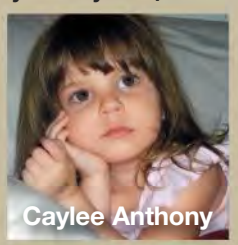
MONSTER Mom Casey Anthony is being offered big bucks for everything from tell-all interviews to game shows to hard-core porn – and antiviolence groups are livid!

"Offering money to Casey Anthony for any reason represents a major degradation of our society," The Rev. Anthony Evans of the National Black Church Initiative, told The ENQUIRER. "It glamorizes the killing of innocent children as well as violence against the human race.



Caylee Anthony

"Anyone who stands to profit from Casey Anthony should be ashamed – and we will call for a boycott of their products, services, sponsors and advertisers!"

Now 27, Casey has rarely been seen in public since July 2011, when she was found not guilty of first-degree murder, aggravated child abuse and aggravated manslaughter in the death of her 2-year-old daughter Caylee. But she continues to field fat moneymaking deals.

Ohio-based TV producer Jake Schalmo of Schalmo Productions offered Casey up to $5 million for interviews, while controversial publisher Larry Flynt was willing to pay her $500,000 to pose naked in his porn magazine "Hustler."

**THE FLORIDA VIXEN** also got a $1 million proposal from Richard Aaron of Aaron Media Group to sit down for recorded interviews with a therapist.

For a $1 million payday, TV producer Howard Schultz of Lighthearted Entertainment would have put Casey on the FOX game show "The Moment of Truth," where contestants take lie detector tests and win money for telling the truth.

Those potential deals infuriated Monica Cole, executive director of One Million Moms, who told The ENQUIRER: "If a TV show about Casey or her life aired, we would ask our supporters to not tune into it."

## Baby boy for Casey's brother

CASEY ANTHONY is now an aunt.

Her brother Lee Anthony and his wife Mallory welcomed a baby boy named Parker Lee on Aug. 22.

Sources say it's unknown whether Casey has met her new nephew. She and Lee have had a strained relationship since Casey's defense at her murder trial included allegations that he had molested her.

And The Rev. Anthony Evans, a noted national church leader, cautioned the newborn's parents, saying: "They should not rely on Casey to baby-sit that child. The results could be disastrous."

# Khloe Kardashian AIDS HORROR

## Reality beauty IN PANIC OVER HUBBY LAMAR'S ALLEGED DRUG USE & SERIAL CHEATING

The brunette beauty wed NBA star Lamar in September 2009, after a whirlwind 30-day courtship

"Even worse, Khloe has been trying to get pregnant"

A concerned Khloe hired a private investigator to find out what her hubby was up to

DEVASTATED by husband Lamar Odom's alleged serial cheating and drug use, Khloe Kardashian faces a new terror – AIDS! Sources say Khloe is distraught over the danger Lamar's behavior has triggered, and the reality TV beauty's sisters are urging her to get tested for the dreaded virus and other sexually transmitted diseases.

"Kim and Kourtney are sick over their sister's heartbreak," says a source. "They love Lamar, and because Khloe never revealed the troubles in their marriage, they thought the relationship was solid.

"When Khloe finally broke down and told them what she suspected, the girls urged her to hire a private investigator and find out what Lamar was up to."

Khloe, 29, followed their advice, and the investigator discovered the troubled NBA star, 33, has been using drugs and hooking up with other women, said the source.

**TO TOP IT OFF, IN THE WEE HOURS** of Aug. 30, Lamar was picked up on suspicion of DUI after cops say he was driving in a "serpentine manner" along California's Highway 101 – and he landed in the county jail.

Now Khloe – who wed Lamar in September 2009 after a whirlwind 30-day courtship – is like a deer caught in the headlights, added the source.

Although there is no evidence that Khloe has been exposed to or contracted the AIDS virus, "Khloe knows that she'll have to get tested for AIDS and other diseases because of Lamar's cheating, but she just can't wrap her mind around it," explained the source.

"Even worse, since they got married, Khloe has been trying desperately to get pregnant, so she and Lamar were having sex often in hopes she'd conceive. That makes her risk of contracting a disease much higher.

"She's planning to take a test, but she's hesitating. What if the test comes back positive? What's she going to do then? She's really freaked out."

Years of wild, risky sex spark crisis

Sister Kourtney and mom Kris Jenner are concerned for Khloe after Kim had her own health crisis (left)

Big sis Kim has been especially concerned for Khloe because, as The ENQUIRER has reported, Kim experienced her own AIDS scare, insiders say. Before settling down with rapper Kanye West, Kim led a kinky sex life that included a string of intimate hookups with cheating boyfriends, including NFL star Reggie Bush and Brandy's brother, actor/singer Ray J.

The reality diva hooked up with Ray J after divorcing her first hubby, music producer Damon Thomas in 2004, and the two went on a wild sex spree. They filmed a now-infamous X-rated video, and Ray J claimed their steamy bedroom antics upped his appetite for other women.

Kim – who recently gave birth to Kanye's daughter North – also had an alleged threesome with a male porn star, which she denied.

**THE BRUNETTE BOMBSHELL LATER** became an outspoken activist for AIDS prevention and even posed in a coffin for World AIDS Day.

Another source added: "Like Kim and Kourtney, their mom Kris is also deeply concerned about Khloe. They all want her to get tested as soon as possible!"

# JUSTIN'S SNEAKY PARKING TRICK

## How Aniston's fiance AVOIDS GETTING TICKET

GOTCHA! Jennifer Aniston's fiance Justin Theroux may have plenty of dough, but The ENQUIRER caught him pulling off a sleazy trick to park in New York City with no fear of getting a costly ticket.

The 42-year-old actor/screenwriter has apparently rigged up a Velcro-attached license plate for his pricey Ducati motorcycle that he can take with him so cops can't give him a parking ticket.

NYPD authorities say that Justin's ruse allows him to avoid tickets, but they really can't do anything about it. Without a plate, the bike is considered abandoned and can't be towed by the cops. And while the Department of Sanitation can haul it away if it's on public property, that can take up to three business days.

The "Wanderlust" star, who's been engaged to Aniston, 44, since last August, drove off scot-free after putting the plate back on the bike. Meanwhile, a car parked in the same area DID get a ticket, which typically costs more than $100.

"Justin has been living in New York City for more than 15 years," a source noted. "He clearly knows his way around the parking laws."

# SANDRA HEADED FOR HEARTBREAK...AGAIN!

– FEARS PAL

## This time IT'S GEORGE CLOONEY

IS single mom Sandra Bullock running headfirst into a new heartbreak?

Startling new photos show the 49-year-old beauty and her longtime friend George Clooney at the Venice Film Festival in late August – and it's clear that she and the notorious Hollywood Lothario were enjoying spending time together.

The two "Gravity" co-stars seemed inseparable as they mugged for cameras, shared private jokes, saw the sights and frequently seemed to have their arms around one another.

Bullock denied that there is anything going on between them, and Clooney said they are "just friends."

Old pals turn up heat in Italy

**BUT PALS WORRY THAT SANDRA** may be setting her sights on the wrong guy yet again.

"Sandra hasn't had a serious relationship since she divorced that cheating louse Jesse James three years ago," a source revealed. "Now she's ready.

"Sandra loves George, and probably knows him better than all his previous girlfriends put together. But being George's friend is completely different than being his girlfriend."

If Sandra were to date George, the source said: "Sandra's going to find out the hard way what George is really all about."

After George's only marriage, to actress Talia Balsam, ended in 1993, he vowed he would never marry again. But that hasn't stopped a long list of ladies – including British model Lisa Snowdon, reality star Sarah Larson and actresses Renee Zellweger, Krista Allen, Kelly Preston and Italian beauty Elisabetta Canalis – from trying to change his mind. In the end, they all got the ax when things got too serious. And George, 52, dumped his most recent sweetheart, former professional wrestler Stacy Keibler, earlier this summer.

Does Sandra want George to be her adopted son Louis' daddy?

"Sandra knows George's reputation, and they've laughed about it over the years," the friend continued. "But she's not the type to just be somebody's girlfriend. She wants to be married."

Sandra also wants a father for her 3-year-old adopted son, Louis.

"Unfortunately, a wife and kid is exactly what George has been saying he doesn't want," added the friend.

# ANNE HATHAWAY'S HAIRY PROBLEM

## Oscar winner CAN'T GET LOCKS TO GROW BACK

ANNE HATHAWAY is so terrified her hair won't grow back she's taking fertility vitamins to give her crop-top a boost!

Sources say the 30-year-old beauty has focused on getting her crowning glory to grow since shaving her head for her Oscar-winning role in "Les Miserables," but her brunette tresses aren't cooperating.

"Anne tried to grow her hair back before the Oscars, but it just didn't happen," a close pal told The ENQUIRER.

"She thought for sure her hair would be at least chin-length by now. But it isn't, and she's terrified she'll be stuck with her boyish crop forever."

**NOW ANNE'S APPARENTLY TRYING** all kinds of treatments to regrow her lush locks. "She has hot oil scalp massages every day and rubs egg whites into her hair twice a week," said the source. "Anne's also increased her protein intake, and she's taking supplements including homeopathic fertility vitamins."

That doesn't mean the "Dark Knight Rises" star – who married B-list actor Adam Shulman in September 2012 – is trying to get pregnant, said the source. "Anne just wants her hair to grow back, and she's convinced the vitamins are giving her an extra edge," said the source.

"Of course, her friends are telling her to get hair extensions, but Anne hates the idea. Her hair is naturally thick and silky, and she doesn't want to pay for a fake version when she has the real thing."

## 'Lone Ranger' Armie's new diet is a gas

"THE LONE RANGER" hunk Armie Hammer is on a strict diet of caviar and eggs – and the side effects are stinking up his marriage!

Sources say the 27-year-old actor was put on the wacky diet by director Guy Ritchie, who cast the square-jawed heartthrob in his movie version of "The Man from U.N.C.L.E."

Guy Ritchie (above) and Henry Cavill

"Guy is a major fitness nut, which is a hangover from his marriage to Madonna," said an insider.

"He wants Armie in tip-top shape for the film, and he's put him on a bizarre diet of chicken, eggs and caviar. As you can imagine, Armie's suffering from excessive gas, and it's driving his wife Elizabeth crazy!"

In the film, Hammer plays secret agent Illya Kuryakin, while his partner Napoleon Solo is played by Henry Cavill, the big-screen Superman in "Man of Steel."

**"SINCE HE'LL** be working alongside mega-muscly Henry, Armie doesn't want to look anything less than his best," added the insider.

"But friends say his wind problem is causing him some big-time embarrassment. Now Elizabeth doesn't want to travel in the same car with him. She even banished him to the guest room one night!"

To make matters worse, the source says the "Social Network" star's breath reeks of rotten eggs. "Every time Armie goes to kiss Elizabeth, she winces," revealed the insider.

And it looks like Elizabeth won't get a break, even after filming wraps, because Armie says his dream is to open up a cigar company.

One disgusted fan posted: "What's with all these nudies from Heidi Klum? She's getting worse than Kim Kardashian."

Another blasted: "Grow up woman and start acting like a respectable mother...I'd be embarrassed if I was one of your children."

**IN RESPONSE TO THE** uproar over her risque photos, Heidi explained that exhibitionism "runs in (her) family" and that people who are offended should stop "following" her. But she's also toned things down recently, even posting a photo of herself fully clothed cooking lamb chops.

With "Project Runway" in its 12th season and her future with "America's Got Talent" uncertain at this point, the source says Heidi wants to get another gig lined up soon – preferably a talk show like Tyra Banks.

"But that's not going to happen if she keeps flaunting her body online," added the pal. "No one likes a show-off."

ENQUIRER EXCLUSIVE

# Randy Travis WOMEN AT WAR – OVER HIS $15 MILLION FORTUNE

FIANCEE

EX-WIFE

AS country music legend Randy Travis clings to life, a vicious battle is raging over his $15 million fortune!

The 54-year-old singer is at death's door after contracting double pneumonia, sources say. Now his ex-wife, Lib Hatcher Travis, is fighting his still-married "fiancee," Mary Davis Beougher, for control of his assets.

"Randy's final days are being ruined by their constant bickering and feuding," a source told The ENQUIRER. "While he was lying in a hospital bed on life support unable to speak and barely able to move, these two women were destroying his last hope for peace with their fight over his money."

**THE RICHEST POINT OF CONTENTION** is a $10 million insurance policy, insiders say. Travis originally named Lib as sole beneficiary. But he slashed her share to $2 million during their divorce, and sources say Mary may now be the sole beneficiary.

Travis is said to be worth about $5 million in property and investments, but future royalties on his music are worth many millions more.

And sources say that ex-wife Lib, who was Travis' manager for nearly two decades, feels entitled to the money since she helped him become the star he is – and also kept him on the straight and narrow.

All that apparently went down the drain after he got together with Mary, the wife of Travis' dentist.

"Randy was doing fine with Lib, but once he hooked up with Mary he started drinking and drugging," said a close source. "She destroyed his life. It's disgusting! Lib made Randy and now Mary's going to finish him.

"As soon as Mary and Randy moved in together, she became his drinking buddy and gave him unlimited permission to self-destruct. For 19 years with Lib, Randy was fine. One year with Mary and he's at death's door.

"Meanwhile, Mary won't let Lib anywhere near Randy. But Lib feels entitled to all of Randy's royalties and the $10 million policy."

The Grammy winner was hospitalized in critical condition with viral cardiomyopathy on July 7. As The ENQUIRER reported, Travis' heart problems could have been exacerbated by his return to drinking after 19 years of sobriety and a deadly new addiction to speed.

He suffered a stroke on July 10 and underwent surgery to relieve pressure on his brain. But he seemed to be rallying, sources say, until he inhaled food into his lungs and contracted double pneumonia. That landed him in critical condition at Vanderbilt University Medical Center in Nashville.

"Mary thinks she's going to live the high life after Randy dies, but Lib will never let that happen," said the source. "Lib's ready to duke it out to the bitter end, and the whole mess is sure to end up in a lengthy court battle once Randy's gone."

'Wheel of Fortune' beauty's PRIVATE HELL

# Vanna White's 'BRAINW

## Teen falls UNDER SPELL

"WHEEL OF FORTUNE" letter-turner Vanna White is terrified she's lost her 19-year-old son to a religious cult!

An exhaustive ENQUIRER investigation has confirmed that Vanna's son Nicholas – a University of Arizona student who goes by "Nikko" – lives with a controversial Hare Krishna monk nearly twice his age. What's more, Nikko has asked Vanna to donate a whopping $1 million to the monk, and now sources fear the 34-year-old man may be brainwashing Nikko for financial gain.

"Vanna can't believe what's happened to Nikko," a Hollywood source close to the 56-year-old star told The ENQUIRER. "But she doesn't know what to do because she doesn't want to lose Nikko to this religious cult."

The ENQUIRER has learned the monk, named Jaycee Akinsanya, was born in the West African nation of Liberia. He met Nikko last year when the teen was a freshman, according to a source, and the two now share the monk's small house in Tucson near the university campus.

**"AKINSANYA HAD A HARE KRISHNA MEDITATION** center, called the Red Ashram, a mile away from campus," the source told The ENQUIRER. "He'd stand outside the student union in a traditional saffron robe and try to lure students into learning about the god Krishna."

Nikko began visiting the ashram and eventually grew so close to Akinsanya that he moved in with him, said the source. The teenager even arranged for his parents, Vanna and her ex-husband George Santo Pietro, to meet the monk, said the source.

"But it would be an understatement to say Nikko's parents weren't pleased," added the source.

"Not only did they object to Nikko living with the man, they were shocked when Nikko asked them to donate $1 million to Akinsanya to buy a larger house for a new ashram."

"Wheel of Fortune" star Vanna on the show, and with ex-husband George Santo Pietro (inset)

Vanna and George – who divorced in 2002 after a 12-year marriage – had a huge argument with Nikko over the $1 million pitch, said the source.

"Since then Akinsanya has been reminding Nikko that he should follow his own path and advance his spiritual life. It's like Akinsanya is trying to brainwash him!"

In a disturbing twist, Akinsanya – who's known as "Jaya Kesava Das" in the Krishna community – now claims his home is no longer an ashram, according to a source who visited the two men on Aug. 28.

"Nikko and Akinsanya gave me a tour of the house," the source told The ENQUIRER. "But Akinsanya told me it's no longer open for spiritual purposes. He said, 'It's just our home now.'" Despite that, a copy of the Hare Krishna chant hangs on one wall, while a painting of Krishna dancing with followers hangs on another wall, said the source.

"Nikko told me that he's been a practicing Hare Krishna for seven months, and it's made him stronger, more confident and blissful," said the source.

"Meanwhile, Jaycee says he's been a monk since he was 18, but he's taking a break from his religious duties. When I asked why, he looked at Nikko and said, 'I want more from life. I am on a new path.'"

Nikko has chronicled his growing relationship with Akinsanya on his Facebook page and in a YouTube video.

His Facebook page includes a photo album showing the two on a road trip in Canada – feeding horses, kayaking and visiting a Hare Krishna temple.

On the YouTube video, Nikko interviews Akinsanya about nutrition and the Hare Krishna rules of vegetarianism. The teen also interviews food service workers on the "Wheel of Fortune" set.

The ENQUIRER has learned that Akinsanya immigrated to America in 1994 from Monrovia, Liberia, while a civil war raged there. At first, he lived with his father in New Jersey and was a practicing Catholic.

But on his Internet blog, Akinsanya says his association with the Catholic Church "ended abruptly when I was practically forbidden to go...The result was me running away to 'find myself.' What I found was the Hare Krishna movement."

Akinsanya became a Hare Krishna monk while living in Seattle, but he faced financial and legal problems there in October 2001.

**ACCORDING TO LEGAL DOCUMENTS OBTAINED** by The ENQUIRER, a judge ordered King County sheriffs to evict Akinsanya after he failed to pay back rent and legal fees totaling $1,455.

Akinsanya eventually settled in Tucson, where he opened his own meditation center. Sources say he also convinced the president of the local Hare Krishna temple to allow him to use its tax exempt status to accept tax deductible donations.

Meanwhile, an expert blasts the religious group as a "cult" and claims it's notorious for "brainwashing" members.

"The Hare Krishna's main brainwashing technique is peer pressure," Nori Muster, a Hare Krishna

member from 1978 to 1988 and author of "Betrayal of the Spirit: My Life Behind the Headlines of the Hare Krishna Movement," told The ENQUIRER.

"They pressure members to reject family members and friends, and quit their jobs to live in the temple full time and serve the guru.

"They also pressure members into giving their inheritances, bank accounts and material possessions to the guru."

And with wealthy parents – Vanna is worth an estimated $40 million and her ex-husband, a former restaurateur, sold a house in 2011 for $23.5 million – young Nikko is a sitting duck, said Muster.

Vanna's Hollywood friend agreed, saying: "This man is clearly targeting Nikko for his family's money."

When confronted by The ENQUIRER, Nikko confirmed he had taken up the Hare Krishna religion and was living with Akinsanya, but he insisted: "Jaycee has not brainwashed me – and I didn't ask my parents for a million dollars for a new Ashram. The money I asked (them) for was for my living expenses – food, gas and for living my spiritual life with Jaycee."

The warring couple's 12-year marriage is disintegrating into what could be a $300 million divorce

ENQUIRER WORLD EXCLUSIVE

# Michael Douglas MARRIAGE WRECKED CHEATING

## JEALOUS RAGES drove Hollywood glamour couple apart

TROUBLED Catherine Zeta-Jones is at the center of a bombshell drugs, booze and cheating scandal as her 12-year marriage to Michael Douglas disintegrates into what could be a $300 million divorce battle.

The ENQUIRER has uncovered the shocking secrets behind the split – including vicious fights over Catherine's dangerous habit of mixing alcohol with her bipolar disorder medications as well as cancer-survivor Michael's "obsession" that his gorgeous raven-haired wife still carries a torch for her playboy ex-beau.

"In the end, something had to give," said a friend. "They were driving each other crazy. Catherine's drinking was making her even more despondent... and Michael couldn't control his jealousy. At his darkest hour, while he was battling throat cancer, he became convinced that Catherine still had feelings for her old boyfriend and was going to leave him."

The troubled stars put on a happy face for the public at the 2013 Oscars

Following a series of ENQUIRER stories about the couple's crumbling union, their reps finally admitted they were "taking some time apart to evaluate and work on their marriage."

The cracks in the union began to appear months ago – before Catherine was readmitted to a psych ward in April for her bipolar disorder. Most of their arguments centered around her drinking, according to an insider.

Their fighting got so bad that more than a year ago, Michael, 68, moved out of their $5 million country home in Bedford, N.Y., to live in a converted four-bedroom barn on the grounds of a friend's $15 million estate.

The warring couple's private battles have also spilled into their public life, as patrons and staff at a restaurant near their New York home recently witnessed a nasty blowout between them.

"Michael had a single glass of wine while Catherine was downing the hard stuff – mixing it up with a martini and then vodka on the rocks," said an eyewitness. "Out of the clear blue, she erupted.

**"IT WASN'T A SCREAMING MATCH,** but her voice was definitely raised and she pointed her finger at Michael. He ignored her, and that seemed to agitate her even more.

"After a few minutes, she finally calmed down and they sat quiet and stone-faced for the rest of their meal."

Neighbors also claimed that the 43-year-old Welsh-born beauty made "a beeline for the liquor store" every time she hit town, stocking up on multiple bottles of Grey Goose and ONE ROQ Vodka as well as Chardonnay.

It reached the point where Michael was worried for the mom-of-two's safety.

"He knew she was drinking more

"He's always called Catherine his 'true love' "

# BY FEARS!

If Michael can prove that Catherine was unfaithful during their marriage, it could help him with custody of Carys and Dylan

and more," said the source. "On top of that, she's on medication for her condition – and drinking and drugs is a dangerous combination."

While medical experts warned that Catherine faced a serious risk of self-harm or suicide because of her mental illness, an insider revealed that it's Michael who has become more and more unhinged in recent months over fears that Catherine could get back with former lover John Leslie. The one-time TV personality was famously at the center of a sordid sex scandal with accusations that he had fondled women. He also was accused of raping a TV weathergirl, but he did not face charges.

"Catherine and John had a scorching 18-month affair in the early 1990s when she was 21 and he was 26, and they have stayed in touch over the years," said the source. "He's always called Catherine his 'true love' and refers to her as 'the most beautiful woman I've ever seen.' "

**DURING MICHAEL'S BATTLE WITH** throat cancer, he apparently convinced himself that Catherine wanted to leave him.

"He couldn't help thinking that he was too old for her and she wanted to get back with her old British love – or, in his worst fears, that she was already cheating with him," said the source.

"In the end, it became too much to handle."

If Michael and Catherine – parents to son Dylan, 13, and daughter Carys, 10 – decide to divorce, it's Michael who would have the upper hand, says one top divorce attorney.

Catherine and John Leslie had an 18-month affair in the early '90s

## Michael was suspicious of CATHERINE'S HUNKY EX-LOVER

"If Michael can prove that Catherine's had contact with an ex-lover (John Leslie) during the course of their marriage, and given his kinky sexual proclivities, this could be a deterrent to her in winning custody," said famed New York matrimonial lawyer Raoul L. Felder. "Add to that her mental illness...exacerbated by drinking and pills, and she appears to be the more vulnerable party.

"If this matter can't be worked out amicably between them and it ends up in a court case, there could be lots of bitterness, animosity and mudslinging. It could get ugly real fast."

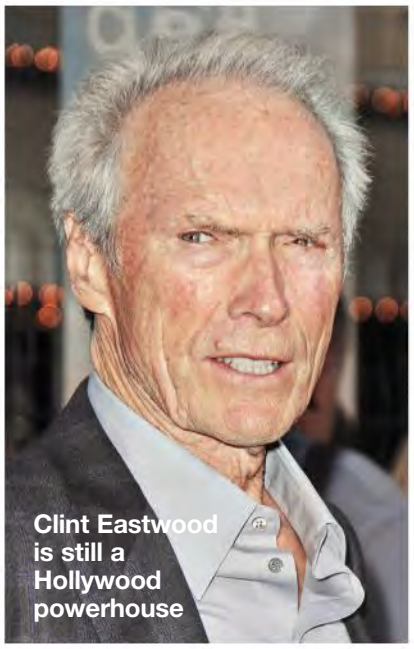
# Dirty Harry's WIFE SWAP SECRET REVEALED!



Clint Eastwood is still a Hollywood powerhouse

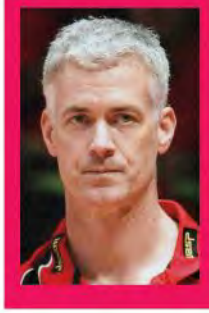
IN a bizarre turn of events, Clint Eastwood may be headed for a wife swap with his soon-to-be ex's boyfriend!

A week after we revealed exclusively that Clint's estranged wife Dina dumped him for her former high school sweetheart, Scott Fisher, a source confirms to The ENQUIRER that the "Dirty Harry" star is now seeing Scott's ex-wife.

The source adds that 83-year-old Clint was caught entertaining the woman – Erica Tomlinson Fisher – in Los Angeles in late August.

"Things have really taken a very strange turn," said an insider. "While Dina is back with Scott, Clint is now seeing Erica.

"She has spent time at Clint's Los Angeles home, and they seem to have bonded over Dina's relationship with Scott. Even at his age, Clint knows how to exact revenge!"



Clint's wife, Dina Ruiz, has left the superstar actor for former flame Scott Fisher (at left)

## Clint, 83, caught with 40-something blonde Erica

Clint dropped Erica Fisher off at the Los Angeles International Airport

## His soon-to-be ex Dina romancing Erica's former husband

AUG. 31, 2013

"Things have taken a really strange turn!"

Photos obtained by The ENQUIRER show Clint dropping off Erica at Los Angeles International Airport in his vintage Mercedes-Benz on Aug. 31. The pretty blonde was wearing a summery leopard-print dress as she caught a flight out of town.

**"CLINT MET HER AFTER SHE WAS** already separated from Scott," said the insider. "She was living in a rented condo in Portland, Ore., while Scott had taken a job at the University of Hawaii."

Apparently, the "swap" came about after Scott – a strapping 6-foot-7 college basketball coach – and Erica had dinner with Clint and Dina in Carmel, Calif., last March at the Mission Ranch restaurant, which Clint owns.

Records obtained by The ENQUIRER show that Scott, 50, and 40-something Erica divorced in 2012 after a decade of marriage, but the source says they've remained on friendly terms. Meanwhile, Clint's 17-year union with Dina had been crumbling for quite some time and an estimated $375 million divorce battle is looming.

"Scott and Dina began consoling one another over their respective marriage troubles," said the insider. "Then it blossomed into something more."

Erica, who was divorced once before, has two grown sons – Mason Holland, 20, and Blake Holland, 22. Clint has a daughter Morgan, 16, with Dina, as well as six other children from a previous marriage and various relationships.

"With Dina confirming a split, the next step will be the divorce," said the source. "After that, who knows? A wife swap certainly isn't beyond the realm of possibility."

# THE NEW MONSTER MOM

## COPS CHARGE:

- Woman gave birth in bar restroom
- Suffocated baby in toilet
- Returned to bar to party

AFTER delivering a perfectly healthy baby boy in the bathroom of a sports bar, cops say evil Amanda Hein snuffed out the innocent newborn's life, wrapped him in a garbage bag and stuffed his tiny body in a toilet tank.

What's worse, the twisted 26-year-old then casually walked outside and smoked a cigarette before returning to her table, where she continued watching a pay-per-view wrestling match on TV with her friends, cops add.

The unthinkable tragedy unfolded on Aug. 17, when Hein and three male friends went to the Starters Pub near Bethlehem, Pa., to watch the WWE SummerSlam match over food and drinks.

Horrible Hein – who said she'd hidden her pregnancy since realizing she was expecting in May or June – excused herself from the table after complaining about "spasms and back pains." According to reports, she was gone for so long – approximately 40 minutes – that her pals texted her from inside the restaurant to see if she was OK.

Amanda Hein managed to keep her pregnancy a secret until after the remains of her newborn child were discovered

**WHEN AMANDA FINALLY** returned to the table, her buddies noticed that her clothes were spattered with blood. They offered her a ride to the hospital, but Amanda declined, explaining that she had no health insurance. Besides that, she added that she wanted to stay until the end of the match!

As she sat in the booth and watched the wrestling event, the alleged baby-killer never let on that she'd just given birth in the pub's restroom.

After the wrestling match ended an hour later, she finally had one of her friends take her home.

The following morning, a janitor checked the toilet after patrons complained it wasn't flushing. He was horrified to find the lifeless body of the tiny baby boy submerged in the water tank.

An autopsy revealed that the child was born alive at between 33 and 36 weeks gestation and died of suffocation.

When cops interviewed the restaurant's staff, a few workers recalled having to clean blood from one of the booths the prior night. They checked the reservation log, and it led them straight to one of Amanda's friends, Luis Rivera.

Rivera, in turn, pointed the finger at Amanda, and cops say she admitted to the heinous crime.

Now, the baby-faced blonde is behind bars and could face the death penalty if she's convicted of the baby's murder.

Meanwhile, bar owner David Rank was stunned by the grisly nature of events that had taken place in his popular pub.

"My biggest concern is for my employees, the mother, the baby," he said. "I just want everyone to say prayers for them."

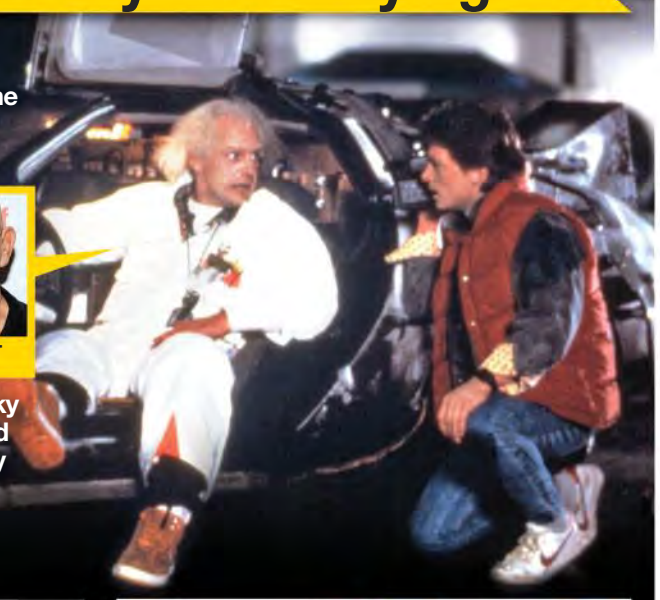
## 28 YEARS ON...

# 'BACK TO THE FUTURE' STARS

## THEN & NOW: They've barely aged!

THAT DeLorean "time machine" must really work! Nearly three decades after the first "Back to the Future" movie hit theaters, the stars – who were "aged" by crack makeup artists to look like their future selves – don't seem to have suffered as much from the throes of time in real life. The trilogy of films revolve around teenager Marty McFly (Michael J. Fox), who accidentally time-trips 30 years back to 1985. Kooky scientist Emmett "Doc" Brown, played by Christopher Lloyd (right), is the only one whose age never changes in the movies, but he has lost that shock of white hair in real life. Below: The other "time travelers" then and now.

NOW



**CRISPIN GLOVER**
Sporting great hair as Marty's dad George, he still has it at 49.

**MICHAEL J. FOX**
He played a 47-year-old Marty, but looks more youthful at 52, despite battling deadly Parkinson's disease.

**LEA THOMPSON**
A vibrant 52, she fared better than her character Lorraine Baines in "Back to the Future Part II."

**THOMAS F. WILSON**
A great bully as Biff Tannen, he still looks like a tough guy at 54.

"Feather-light"– a wonder-ful feel-ing!

# CANCER PATIENTS BEAT THE BLUES

Breast cancer patients get a remarkable boost simply by writing about their experiences online.

UCLA researchers studied 88 breast cancer patients and found that helping women to create websites to express themselves and connect with others reduced their depressive symptoms and increased positive mood and appreciation for life.

"Our goal in this research was to provide a platform on which breast cancer patients could reflect on their experiences, as well as communicate with and leverage support from their existing social networks, especially friends and family," declared UCLA professor Annette Stanton.

## SLEEP TIGHT & LOSE WEIGHT

Warning! Sleepless nights can lead to junk-food cravings, say experts.

Researchers studied 23 healthy young adults after a normal night's sleep, as well as after a sleepless night. They found that lack of sleep impaired brain regions that control food choices.

"High-calorie foods became significantly more desirable when participants were sleep-deprived," said Professor Matthew Walker of the University of California, Berkeley.

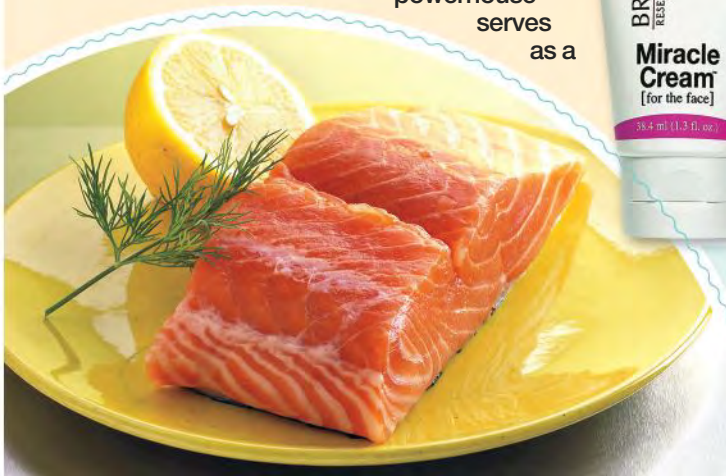
As a result, individuals who slept less tended to be overweight or obese.

## All-in-one MIRACLE CREAM

If you're tired of buying an assortment of creams to deal with the aging of your complexion, Bremenn's Miracle Cream does it all! The topical treatment from the skincare powerhouse serves as a wrinkle cream, firming cream, moisturizing cream, eye cream, anti-aging cream, day cream AND night cream!

It works by utilizing a combination of biofunctional compounds from unicellular algae, a carbohydrate polymer, extract from red seaweed and potent peptides.

Available for $23.87 at Walmart, the manufacturers say the cream helps restore a youthful appearance by fading skin discoloration, improving firmness and elasticity, and reducing wrinkles.



## FISH CUTS ARTHRITIS RISK

This may sound fishy, but it's true! A regular weekly portion of fatty fish, such as salmon, or four servings of lean fish, such as cod, could cut in half the risk of developing rheumatoid arthritis.

Swedish researchers reached that conclusion in a major study involving 32,000 women over 10 years. They attribute the health benefits to the omega-3 content in fish, an inflammation fighter.

## DON'T DELAY HEART REPAIR

People with a leaky heart valve frequently put off surgery, but their "wait and see" attitude can lead to serious complications, warn Mayo Clinic experts.

A mitral valve leak, which allows blood to flow backward into the heart, often requires timely surgery – even though the patient is without symptoms.

A new study involved more than 1,000 symptom-free patients with a leaky heart valve. Nearly half underwent surgical repair within three months of their diagnosis. The others were put on "watchful waiting."

The bottom line: Those who had early surgery had higher survival rates and were less likely to have heart failure in the long term.

# CRYPTOGRAM QUOTES

## FAMOUS QUOTES FROM YOUR FAVORITE PEOPLE

Cryptograms are coded messages. To solve the Cryptogram, each coded letter must be replaced by the answer letter in the box overhead. When you solve the code for a letter, write the answer letter in the box everywhere the coded letter appears. Look for common words and letter patterns to break the code. Words like AND, I, THE and A are found frequently. Common word endings are ING, S and E.

# LEN FELDMAN'S BEST BETS ON TV

What's hot this week

## Sleepy Hollow (New Show!)

**Monday, Sept. 16, 9 p.m. ET, FOX**

Heads will roll like never before in this exciting and epic twist on the Sleepy Hollow legend. In this version, soldier Ichabod Crane (Tom Mison) beheads a fierce opponent on horseback before dying himself in 1776. Suddenly, he finds himself resurrected in a modern-day Sleepy Hollow two and a half centuries later with the Headless Horseman riding his heels. When the Horseman beheads the town's sheriff, his protege, Det. Abbie Mills (Nicole Beharie), teams up with Ichabod to stop the killing. That won't be easy because this Horseman is actually one of the Four Horsemen of the Apocalypse and he's starting early. Orlando Jones and Katia Winter also star.

## Brooklyn Nine-Nine (New Show!)

**Tuesday, Sept. 17, 8:30 p.m. ET, FOX**

Get ready for hilarious law & disorder in this top cop comedy from the writers/producers of "Parks and Recreation." Detective Jake Peralta (Andy Samberg) is the best crime-solver in Brooklyn's 99th precinct. He's also completely childish and full of himself and creates a fun and games atmosphere in the squad room. That is until new and seemingly stiff-necked Capt. Ray Holt (Andre Braugher) takes over. Starting with making everyone wear ties, Holt is out to turn his talented but ridiculously dysfunctional detectives into top cops. What "Scrubs" did for medical dramas, "Brooklyn Nine-Nine" does for police procedurals, only with more laughs and plenty of action. Also stars Joe Lo Truglio and Stephanie Beatriz.

## Survivor: Blood vs. Water (Season Premiere)

**Wednesday, Sept. 18, 8 p.m. ET, CBS**

They're back! Past players including fan favorite Rupert Boneham and past winners like Tina Wesson ("Survivor: Australia") return to play the game – and they're bringing their family members with them! The twist this time around is that the former players will compete with, and ultimately against, their own relatives. Also returning is Redemption Island, where eliminated castaways can earn their way back in the game. Only this season, loved ones will be forced to decide whether to leave their relatives in exile or switch places with them. Can these intimate relationships, including Rupert and his wife Laura's marriage, survive with $1 million on the line? Jeff Probst hosts.

## The Watsons Go To Birmingham (Made-for-TV Movie Premiere)

**Friday, Sept. 20, 8 p.m. ET, Hallmark Channel**

This emotionally powerful story set during the height of the civil rights movement shows how far we've come as a nation, yet leaves you wondering how far we still have left to go. In 1963, the Watson family of Flint, Mich., visit their mom's hometown of Birmingham, Ala., so their juvenile delinquent son can get a dose of Grandma Sands' downhome discipline. Upon arriving, they find themselves in the middle of the fight against racial segregation with bombings and protests all around them in this brilliant adaptation of Christopher Paul Curtis' award-winning novel. Skai Jackson, Anika Noni Rose, Harrison Knight, Bryce Clyde Jenkins, David Alan Grier and Wood Harris star.

# 'Dexter's' DEADLY ENDING

## Revealed! What happens in final episode of hit show

"DEXTER" is coming to a bloody end, and The ENQUIRER has learned the deadly details that will leave fans of the Showtime hit shocked over the killer finale!

We're about to reveal the show's biggest secrets, so stop reading NOW if you don't want to know the drama that's about to unfold for serial killer Dexter Morgan, played by Michael C. Hall, in the series' eighth and final season.

**"DEXTER HAS BEEN GETTING** away with murder for years, but one of his last kills is not only going to blow people away, it's going to make a whole lot of loyal fans very angry," said an insider.

The ENQUIRER has learned that in the final episode, Dexter kills his sister, Debra, who's played by the actor's real-life ex-wife, 33-year-old Jennifer Carpenter.

"Debra knows too much (about his killings) and she's become more unraveled than ever," noted the insider.

Golden Globe award winner Hall, 42, stars as the Miami Metro Police Department's forensic blood pattern analyst who channels his urge to kill by following "The Code" he learned from his father. The lovable sociopath only kills people after finding conclusive evidence that they're guilty of murder.

According to the source, the writers and producers anguished over the finale, but it's an ending they've talked about for years. The explosive episode – titled "Remember the Monsters?" – airs on Sept. 22.

"The 'Dexter' finale is going to be debated for a long time to come," added the insider. "Fans don't want Debra dead because they're emotionally attached to all the characters."

### Insulting advice

I don't believe Demi Moore is in a position to be giving advice to anyone on anything (Demi's Knee-Jerk Reaction, Aug. 12). Jennifer Aniston needs her head examined if she takes Demi's advice on getting plastic surgery on her knees! This advice should be taken as an insult.

**– Nannette G., Stockton, Ga.**

### Valiant Valerie

Valerie Harper continues to be a role model for those suffering with cancer (Valerie Harper Miracle, Aug 12). She's not letting a doctor's prediction of an untimely death dictate her life. Rather, she's taking one day at a time. Bless her heart for her heroic, unflinching bravery.

**– Elaine H., Hanson, Mass.**

## $50 Letter of the Week

### Can't even govern himself

Regarding "Who's Crazier… Weirdo Weiner or His Sexy Texter?" (Aug. 12): How can someone who's seeking to be mayor of New York be so thoughtless of the hurt he's causing his career, not to mention his wife? You can't vote someone into office who cannot govern his own self.

**– Lynn T., Dayton, Ohio**

### HOW TO PLAY

You must fill in every empty square in the Sudoku grid. There's no right way of going about this, but there is only ever one solution. The big grid is split into nine mini-grids. There are nine rows running left to right and nine columns running down. In every row, you must have each of the numbers 1, 2, 3, 4, 5, 6, 7, 8 and 9. These can be in any order. The same applies to columns and mini-grids: place every number 1 through 9 in each column and in each mini-grid.

BELEAGUERED baseball stud Alex "A-Rod" Rodriguez wants to boost his blonde batting average – by scoring with Julianne Hough!

But sources say the "Dancing with the Stars" stunner is still stuck on her ex, "American Idol" host Ryan Seacrest.

"Alex thinks he could really hit it off with Julianne," a close pal of the New York Yankees slugger told The ENQUIRER.

"He's asked her out through their reps, and she's seriously considering it."

**THE DIVORCED FATHER OF TWO,** 38, already counts blonde bombshells Kate Hudson, Cameron Diaz and Madonna among his conquests.

But A-Rod – who's appealing a 214-game suspension for using performance-enhancing drugs – has had a thing for Julianne, 25, ever since she won "Dancing" in 2007 with Olympic speed skating champ Apolo Ohno, said the source.

"If Julianne agrees to a date, Alex plans to pull out all the stops to impress her," said the source.

But a pal of Julianne told The ENQUIRER: "She's still hooked on Ryan. The only reason she's even considering a date with Alex is to make him jealous."

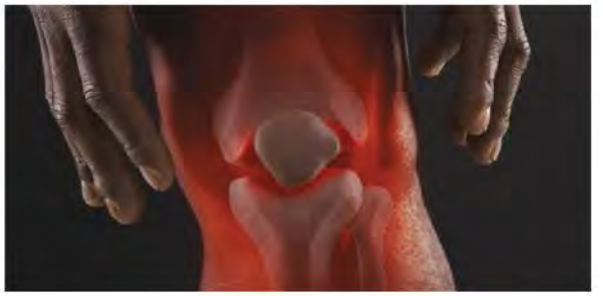
*"Old Injuries Made Getting Around Just Too Difficult- UNTIL NOW!"*

# NEW SCIENTIFIC DISCOVERY

## NOW YOU CAN RESTORE YOUR JOINT HEALTH NATURALLY!



**How many miles have you put on your joints?**
Ten thousand miles….perhaps one hundred thousand miles?
As we age, key functions change & weaken the body's natural joint repair process. Our bodies have genes that produce glucosamine, chondroitin and collagen to repair damaged cartilage and maintain joint health.
The functioning level of the genes that produce these critical substances declines significantly, reducing our body's natural ability to repair damaged cartilage and maintain joint health. Furthermore, our body creates a degenerative condition that can further reduce joint health whenever we suffer joint damage, or simply due to aging. This condition can "switch on" other genes that cause joint inflammation and stress, and increase the loss of muscle mass and muscle performance.

**Tired of wasting money on products and claims with disappointing results?**
For different results, you need a different approach.

**FlexSure: Why is it Different?**
FlexSure is different by design. FlexSure is a solution from nature, based on cutting edge science and research, and validated in clinical trials. It corrects the fundamental problems in chronic joint inflammation- a corrupted genetic software which prevents the joint from self-healing, and a fundamental defect in cellular metabolism. FlexSure is the first natural product to clearly demonstrate these benefits. Improved joint health results from a balanced use of your genetic tools, just like when you were young.

The research has discovered how to reactivate the body's ability to produce its own glucosamine, chondroitin, and collagen, naturally! For more information on the herbal-amino acid formulation and the clinical studies, go to www.beflexsure.com.

**World's FIRST clinically proven restorative joint health formula. Eliminates the need for glucosamine and chondroitin supplements NATURALLY, with results in just days!**

The FlexSure formulation was released after 20 years of research to get exactly the right combination of natural ingredients as well as definitive evidence of its effectiveness. In human cartilage, the study showed that FlexSure restores the balance of the activity of your genes and corrects the switches that control joint health. This includes ***turning off*** genes that promote joint breakdown and ***turning on*** genes that grow and repair cartilage.

Examples of repair genes are ones that provide the structure of cartilage. It is far more effective to have cartilage cells produce their own glucosamine or type II collagen, than to ingest it and hope it will be absorbed and delivered where it is needed.

### Regain your Quality of Life!
**What FlexSure users are saying:**

*Mark M had suffered with injuries for a long time, and was stiff, sore, and had troubles with mobility. "With FlexSure, I feel younger and stronger; it is like I got my new lease on life. I used to be afraid of not being able to get around. Now I am getting around great and am not scared of getting older."*

*"I have made FlexSure a part of my daily regimen. I am a woman in my forties and I lead a very active lifestyle. I was feeling twinges and pressure in my knees. I feared that the discomfort would prevent me from doing the things I love to do. So, I started taking Flexsure and within a couple of weeks, the pain was gone and so was my fear. Thank you!" -Tara B.*

*Georgia P. reports, "I am a runner in my 50's. My knees were limiting what I could do. After being on FlexSure, I am no longer sore, my runs are longer and more frequent. I have my lifestyle back!"*

**FLEXSURE REPRESENTS TRUE INNOVATION!!!** FlexSure is unlike any other product in the market place. FlexSure harnesses the power of nature to restore joint health and quality of life. FlexSure is supported by Epigenomic and Metabolomic research. The studies show that FlexSure will switch on the body's natural joint repair process and help protect against further joint damage and muscle loss! So be Flex Sure and enjoy your favorite activities again! v

# Acts of kindness

**All across the country, every day, good people perform acts of kindness for strangers. Only rarely do they receive recognition for their selfless work. In our ongoing series, The ENQUIRER will put the spotlight on those who care enough to make life better for those around them.**

"Every child deserves to have new shoes"

# SOLE BROTHER

## Bighearted teen DONATES 10,000 PAIRS OF SHOES to needy kids

Nicholas Lowinger was moved by the plight of people in a homeless shelter

NICHOLAS LOWINGER is just 15, but in the past three years his Gotta Have Sole Foundation has donated new shoes to more than 10,000 children in homeless shelters in 21 states.

"Children in homeless shelters are normal kids whose families have just fallen on hard times. They deserve new footwear the same as every child," Nicholas told The ENQUIRER.

The bighearted teen founded his nonprofit organization as part of a community service project for his bar mitzvah at age 13. But he started helping others when he was just 5 years old after his mom took him to a homeless shelter.

"She wanted me to see how other people were living so I'd be more appreciative of everything I had," he explained.

**NICHOLAS WAS** shocked to meet children who couldn't go to school, play sports or be with their friends because they didn't have shoes that fit or were riddled with holes. "Some of them didn't even have shoes," he recalled. "I couldn't believe it. For me, having footwear was a given."

The next day, the youngster donated his old clothes and shoes to the shelter. "But it always bothered me that I couldn't give footwear to all the kids there," he said. So when he needed a community project for his bar mitzvah, he started Gotta Have Sole.

"Every child deserves to have new shoes," he said. "Appearance-wise, it makes them look nice and that helps with self-esteem. And health-wise, having a shoe that fits is important."

The shoes are either donated by individuals, groups or corporations or purchased with money that Nicholas raises through fundraisers or on his website *www.gottahavesole.org*.

He stores the shoes in his "warehouse" – the two-car garage at his home in Cranston, R.I. While Nicholas often ships shoes to shelters, he also visits them. "It's great to see the kids' reactions," he said. "Their faces light up and some of them get so excited that they start jumping up and down. But I also get to see the look of relief on parents' faces when they realize they don't have to worry about getting footwear for their children."

Nicholas was recently recognized as an exceptional role model by the Helen Diller Family Foundation with the Diller Teen Tikkun Olam Award. The honor came with $36,000 that Nicholas promptly plowed back into Gotta Have Sole. And his generous gesture has begun to pay it forward.

"A 5-year-old who got new footwear was so inspired that he got his friends in the shelter to write thank you cards to returning veterans," Nicholas said.

"Just think: He's 5 years old and going through a hard time. But, because I was able to make him feel good about himself, he wanted to make other people feel good."
